DETAILED ACTION

Drawings

1. The drawings were received on August 20, 2004. These drawings are accepted by the Examiner.

Terminal Disclaimer

2. The terminal disclaimer filed on April 2, 2009 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of any patent granted on Application No. 10/505,392 has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James Costigan on May, 18, 2009.

The application has been amended as follows:

In claim 102, line 1, "claim 96" has been deleted and replaced by --claim 97--.

4. The following is an examiner's statement of reasons for allowance:

The closest prior art of record fails to teach or suggest the recited article of manufacture for providing a separable and removable segment. The independent claims identify the uniquely distinct features of a substrate that include first and second thin film layers attached permanently bonded together, a paper or film substrate bonded to the top of the first film layer and a die cut through the first film layer and paper or film substrate, wherein the surfaces between the first and second film layers are provided with selective adhesive attachment through surface treatment. The closest prior art of record fails to anticipate or render obvious the above limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patricia L. Nordmeyer whose telephone number is (571)272-1496. The examiner can normally be reached on Mon.-Fri. from 10:00-6:30.
